# Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Township of Palatine as of and for the year ended February 28, 2021 and for the Road and Bridge Fund for the year ended March 31, 2021, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Palatine, as of February 28, 2021, and the Road and Bridge Fund as of March 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion & Analysis and the Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Palatine's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Jighe Kross & On, PC

Elgin, Illinois September 21, 2021

As the Township of Palatine, Illinois (Township) Board, we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended February 28, 2021 and March 31, 2021. The Management of the Township encourages the readers of this financial information presented in conjunction with the financial statements to obtain a better understanding of the Township's financial operations.

#### **Financial Highlights**

The net position of the Township of Palatine as of February 28 and March 31, 2021 and February 29 and March 31, 2020, was \$12,421,853 and \$11,930,978, respectively. The Township's net position increased by \$490,875 for the years ended February 28 and March 31, 2021. The term "net position" represents the difference between total assets/deferred outflows and liabilities/deferred inflows of resources.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Township of Palatine's basic financial statements. The Township's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, this report also contains required supplementary information and additional information.

#### **Government-Wide Financial Analysis**

The government-wide financial statements are prepared using the full accrual basis of accounting and are designed to provide readers with a broad overview of the Township of Palatine's finances, in a manner similar to private-sector businesses.

The statement of net position presents financial information on all of the Township of Palatine's assets/deferred outflows and liabilities/deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township of Palatine is improving or deteriorating.

The statement of activities presents information showing how the Township's net position changed during the most recent fiscal year.

Both of the government-wide financial statements distinguish functions of the Township of Palatine that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover a portion of the costs through user fees and charges. The governmental activities of the Township of Palatine include general government, road projects, transportation for senior citizens and disabled individuals, social services assistance, and the funding of social service agencies that provide essential human care services to Township residents. The Township of Palatine Board is responsible for the maintenance of the Township of Palatine Cemeteries.

#### **Fund Financial Statements**

All of the funds of the Township of Palatine are governmental funds. The Fund financial statements are prepared using the modified accrual basis of accounting. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. The Fund financial statements report the Township's operations in more detail than the government-wide statements by providing

information about the Township's five funds.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide activities.

### Notes to Financial Statements

The notes provide information that is essential to a full understanding of the data provided in the governmentwide and fund financial statements.

## **Required Supplementary Information**

In addition to the basic financial statements and the accompanying notes, this report also presents certain required supplementary information concerning the changes in the Township of Palatine's net pension liability and multiyear schedule of contributions. Additionally, required supplementary information regarding the schedule of revenues and expenditures - budget vs. actual for each major fund and a schedule of changes in the net other post-employment benefits (OPEB) liability, total OPEB liability and ratios, and schedule of contributions – OPEB are presented in this section.

## **Financial Analysis**

As noted earlier, increases or decreases in net position may serve over time as a useful indicator of a government's financial position. In the case of the Township of Palatine, assets/deferred outflows exceeded liabilities/deferred inflows of resources by \$12,421,853 and \$11,930,978, for the years ended February 28 and March 31, 2021 and February 29 and March 31, 2020, respectively. A portion of the Township's net position reflects its investment in capital assets, \$3,491,469. The Township uses these capital assets to provide services, and consequently these assets are not available to liquidate liabilities or for other spending. The remaining net position balance is made up of \$5,336,729 which is restricted, and \$3,593,655 that is unrestricted.

Capital Improvement	511,541	(141,631)		369,910
	\$ 8,229,942	\$ 660,317	\$	8,890,259

# **Budgetary Highlights**

There were line item changes to the original appropriations for the Town Fund, General Assistance Fund and the Road and Bridge Fund which did not impact the budget overall. Revenue in the Town Fund of \$2,212,148 was more than expenditures by \$293,095, and expenditures were \$421,313 less than the appropriation of \$2,345,366. Revenues in the General Assistance and Road and Bridge Funds adequately funded expenditures as well.

Differences from original to final appropriated expenditures are line item transfers, overall appropriated expenditures did not change.

General Assistance, a mandated local form of public aid administrated solely by Township government, must budget sufficient funds to accommodate all those that seek assistance. The number of residents seeking services through General Assistance Department remained consistent with the prior fiscal year. Many of Palatine Township residents are seeking assistance for programs such as Food Pantry, Angel Tree, Adopt a Family Program, Apple Tree Program, etc. were serviced by paid staff, the commodity was not expensed in the General Assistance budget. These programs were funded by community donations made to the Needy Family Fund and for the most part coordinated by volunteers, who are supervised by the Outreach & Food Pantry Coordinators.

During the year ended February 28, 2021, Township of Palatine partnered with 30 social service agencies to provide various programs for children, teens, adults, senior citizens and disabled individuals. The Township of Palatine provided \$548,916 in funding to these not-for-profit agencies so that services would be available to Township residents.

## **Capital Assets**

The following is a summary of capital assets, net of accumulated depreciation, for the years ended:

	For Years Ended						
	February 28 and March 31, 2021		February 29 and March 31, 2020				
Land	\$ 119,098	\$	119,098				
Infrastructure Work In Progress	-		63,072				
Land Improvements	903,812		903,812				
Buildings	2,685,888		2,685,888				
Buildings Improvements	246,382		243,722				
Machinery and Equipment	2,546,037		2,305,691				
Infrastructure Work In Progress	3,447,886		3,394,903				
Cost of Capital Assets	9,949,103		9,716,186				
Less: Accumulated Depreciation/Amortization	6,457,634		5,904,429				
Net Capital Assets	\$ 3,491,469	\$	3,811,757				

The most significant capital asset additions during the year were for land improvements and machinery and equipment purchases. Additional information regarding the Township's capital assets can be found in Note 4 on page 20.

# **Description of Current and Expected Conditions**

A sample of the services provided to the Township of Palatine residents during the past calendar year include:

- 4,796 bus and van rides (-58.5%)
- 3,884 visits to the Food Pantry (-11,6%)
- 61 Emergency Food Bags (-66.7%)
- 919 Taxi Rides (-52.9%)
- 0 Cook County Vehicle Stickers sold (-100%)
- 774 students received assistance with school supplies from the Apple Tree program (-18.6%)

- 17 RTA Senior Passes issued (-91.2%)
- 116 Temporary Handicap Placards issued (-25.2%)
- 345 Emergency Fund requests (+248%)
- 57 Voters registered (714%)
- Toy Drive 33 Families & 75 Kids (+33.9%)

The Township of Palatine's Mission Statement is "Serving People." The Board responsibly applies tax dollars to meet the growing needs of residents, while controlling expenses and balancing budgets. Resources were used efficiently by maintaining and expanding partnership relationships with individuals, organizations, businesses, local governments, churches, hospitals and volunteers. The results are numerous cost-effective programs that assist the greatest number of residents with a multitude of services, while keeping levies and expense budgets as low as possible.

## **Requests for Information**

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Administrator, Township of Palatine, 721 S. Quentin Road, Palatine, Illinois 60067.

# Township of Palatine Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances To the Governmental Activities in the Statement of Activities February 28 and March 31, 2021

Net Change in Fund Balances - Total Governmental Funds	\$ 660,317
Amounts reported in governmental activities in the statement of net position are different because:	
Governmental funds report capital outlays as expenditures	
However, in the statement of activities the cost of these assets are	
allocated over their estimated useful lives and reported as	
depreciation expenses. This is the amount by which capital outlays exceeded	
depreciation in the current period.	
Capital outlay	254,446
Depreciation expense	(574,734)
Total	 (320,288)
Some expenses reported in the statement of activities do not require	
the use of current financial resources and therefore are not	
reported as expenditures in governmental funds. The expenses	
include the changes in	
Net Other Post-Employment Benefits.	(17,797)
Recognizing the pension revenue (expense) relating to changes in	
the net pension liability.	168,643
Change in Net Position of Governmental Activities	\$ 490,875

# Note 1- Summary of Significant Accounting Policies

The Township of Palatine, Illinois (the "Township") operates under the Township Act (60 ILCS) and the Revenue code (35 ILCS) of the Illinois Compiled Statutes (ILCS). The Township provides the following services as authorized by its charter: maintenance of roads in the unincorporated area, senior and disabled services, general assistance, and property tax related matters and general administrative services.

The financial statements of the Township of Palatine have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Township's accounting policies are described below.

# Reporting Entity

The Township's reporting entity includes all entities for which the Township exercises oversight responsibility as defined by the Governmental Accounting Standards Board (GASB). The financial reporting entity consists of a primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable.

The Township has developed criteria to determine whether these legally separate organizations should be included within its financial reporting entity. The criteria include, but are not limited to, whether the Township (1) selects the governing authority or management, (2) has the ability to significantly influence operations, or (3) has accountability for fiscal matters (e.g., final budget approval, responsibility for funding deficits, management of assets, etc.). In applying these criteria, the Township has included in its financial statements the activities of the Township of Palatine Road District, Palatine Township Needy Family Fund, Inc. and Palatine Township Report, Inc. Although a legally separate entity, the Road District shares the same Board of Trustees as the Township and is, therefore, a component unit blended with the Township identified as the Road and Bridge Fund. Palatine Township Needy Family Fund, Inc. and Palatine Township Report, Inc. are nonprofit corporations which exist solely to serve the Township of Palatine and are, therefore, component units blended with the Township.

### **Basis of Presentation**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. They include all the governmental funds of the reporting entity. The governmental fund financial statements (i.e. the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balance) are organized by fund. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Major individual governmental funds are reported as separate columns in the fund financial statements. The major funds are the Town Fund, General Assistance Fund, Road and Bridge Fund, and Needy Family Fund. Following is a description of major and non-major funds.

<u>Town Fund</u> - The Town Fund is the general operating fund of the Township. It is used to account for all financial resources except those required to be accounted for in another fund.

### Note 1- Summary of Significant Accounting Policies (continued)

<u>Special Revenue Funds</u> - The Special Revenue Funds account for the proceeds of specific revenue sources, or to finance specified activities as required by law or administrative regulations. The Special Revenue Funds and their purposes are as follows:

- General Assistance Fund Accounts for expenditures for general assistance services.
- Road and Bridge Fund Accounts for the operations of the Road District. It is used to account for all financial resources at the Road District and accounts for expenditures related to maintenance and improvement of Township Roads. The Road District levies a separate property tax.
- Needy Family Fund Accounts for contributions and emergency payments for residents who do not qualify for general assistance. Needy Family Fund is also responsible for Outreach Programs.
- Capital Improvement Fund Capital Improvement Fund is used to accumulate resources for capital asset and project purchases in the future.

### Basis of Accounting

The government-wide statements (the Statement of Net Position and the Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

The fund financial statements (the Governmental Funds Balance Sheet and Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances) are accounted for using a current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. With this measurement focus, only current assets/deferred outflows and current liabilities/deferred inflows of resources generally are included on the balance sheet. Revenues are recognized in the accounting period in which they become measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or within sixty days after the year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The Township recognizes property taxes receivable during the fiscal year in which the taxes are levied and become a legal claim of the Township; however, property taxes are not recognized as revenue until the subsequent fiscal year when the property taxes are extended by Cook County and remitted to the Township. Accordingly, the property tax levy for the 2020 tax year, including collections thereon, is recognized as deferred inflows of resources in the accompanying balance sheet. Expenditures are recognized when the related obligations are incurred.

Interfund activity has been eliminated on the government wide statements.

#### Program Revenue

The Township receives program revenues in the form of charges for cemetery burial services and various permits and fees.

### Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method.

# Note 1- Summary of Significant Accounting Policies (continued)

#### **Budgets**

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the Town, General Assistance, Road and Bridge, and Capital Improvement Funds. All appropriated amounts lapse at the end of the fiscal year. Spending control for funds is established by the amount of the total appropriation for the fund, but management control is exercised at appropriation line item levels.

#### Cash and Investments

Cash includes amounts in demand deposits (checking, NOW and money market accounts) and time deposits (certificates of deposits with maturity dates from twelve to twenty-four months). Investments include negotiable certificates of deposits with maturity dates that range from twenty-four to thirty-six months.

Illinois Revised Statutes authorize the Township to invest in securities guaranteed by the full faith and credit of the United States of America, interest-bearing saving accounts, certificates of deposits or any other investment constituting direct obligations of any bank as defined by the Illinois Banking Act, the State Treasurer's investment pool (authorized by ICLS 30, 235-2,e), and other permitted investments under paragraph 902, chapter 85 of the Statutes as amended by Public Act 86-426. Investments may only be made in banks that are insured by the Federal Deposit Insurance Corporation.

Investments are stated at fair market value.

### Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

#### Government-wide Statements

In the government-wide financial statements capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation.

Depreciation and amortization of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation/amortization reflected in the Statement of Net Position. Depreciation or amortization is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Land Improvements	20 years
Buildings	50 years
Building Improvements	10-20 years
Infrastructure	10 years
Machinery and Equipment	5 - 20 years
Intangibles	5 years

The minimum capitalization threshold is any item of Machinery and Equipment with a total cost greater than \$1,000, Buildings and Land Improvements of \$10,000 and Infrastructure of \$50,000.

# Note 1- Summary of Significant Accounting Policies (continued)

#### Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

#### Deferred Outflows and Inflows of Resources

Deferred outflows of resources related to pension expense represent amounts related to the differences between expected and actual experience, changes in assumptions and the net difference between projected and actual earnings on pension plan investments and post measurement date payments. See Note 6 for additional information on these deferred outflows.

Deferred inflows relating to property taxes do not fit the definition of a liability, which is the use of resources to satisfy an obligation. Rather, deferred property taxes represent a future recognition of revenue, therefore are classified as deferred inflows of resources. Deferred inflows related to pensions represent differences between expected and actual experience. See Note 6 for additional information on these deferred inflows.

#### Compensated Absences

In the event of termination, Township employees are not reimbursed for accumulated sick leave. Vacation pay does not carryover; employees must take vacation by the end of the calendar year. Terminated employees are reimbursed for any accumulated unpaid vacation pay. Non-exempt employees accrue overtime in the form of compensatory time. Accumulated compensatory time must be taken as time off or as payment by the end of the 26th pay period after the pay period in which it was earned. Vacation pay and compensatory time are accrued in the Statement of Net Position and Statement of Activities.

#### Defined Benefit Pension Plan (IMRF)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Illinois Municipal Retirement Fund (IMRF) and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### Fund Equity

The Township follows GASB statement 54 "Fund Balance Reporting and Government Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance amounts that are not in a spendable form (such as prepaid expense) or are required to be maintained intact;
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grants, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;

# Note 1- Summary of Significant Accounting Policies (continued)

- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body or by an official or body to which the governing body delegates authority;
- Unassigned fund balance amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. An assigned fund balance is established by the Board of Trustees through adoption or amendment of the budget as intended for specific purpose (but is neither restricted nor committed).

When expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, management applies restricted amounts first, unless a determination is made to use unrestricted fund balance. The Township's policy concerning which to apply first varies with the intended use and legal requirements. Management typically makes this decision on a transactional basis at the incurrence of the expenditure.

#### Reimbursements

Other organizations occupy space in the Township building. The Township bills any operating costs to the organizations on a monthly basis. These receipts are classified as charges for services in the statement of activities and as reimbursements in the statement of revenues, expenditures and changes in fund balance. See Note 9 for more information.

#### Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Note 2- Deposits and Investments

#### **Deposits**

At year-end, the carrying amount of the Township's deposits, excluding petty cash of \$973 was \$7,920,999 and the bank balance was \$8,171,792. Of the bank balance, \$2,150,004 was covered by federal depository insurance, and \$6,021,788 was collateralized with securities held by the pledging financial institution's agent in the Township's name.

Included in deposits are four certificates of deposit totaling 714,375 with terms of up 1 to 10 months and rates of 0.25 % to 2.45%.

#### Investments

At year-end, the Township's investment balances were as follows:

	Weighted			
	Average	Weighted		
	Maturity	Average		Fair
Investments	(In months)	Rate	Cost	Value
Negotiable				
Certificates	5.5	1.53%	\$ 678,000	\$ 714,375

### Note 2- Deposits and Investments (continued)

The Township has investments in negotiable certificates of deposit. Each certificate is a marketable security that can be actively traded. The Township has the ability and intent to hold each certificate to maturity. Each certificate is fully covered by federal depository insurance.

Fair Value Measurement is measured by the Township using the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value asset. Level 1 inputs are quoted prices in the active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Township's investments carried at fair value are valued using quoted market prices (Level 1 inputs).

### Note 3- Property Taxes

The Township passed the 2020 Tax Levy Ordinances for the Township and for the Road District in December 2019. Property Taxes from the 2020 levy attached as an enforceable lien on property as of January 1, 2020. Taxes are payable in two installments on or around March 1 and August 1. As such, significant tax monies are received between March and December. The County of Cook collects such taxes and remits them periodically.

The current property tax levy is recorded as a receivable. Property tax revenue is recognized to the extent of taxes due and collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current period, less the taxes collected soon enough after the end of the previous fiscal year. Such time thereafter does not exceed 60 days. The current net tax levy receivable is recorded on the balance sheet along with a corresponding amount of deferred revenue. Deferred revenue represents the 2020 levy which is used to fund fiscal 2020 operations. All uncollected taxes receivable relating to prior years' levies have been written off.

# Note 4- Capital Assets

Capital asset activity for the years ended February 28 and March 31, 2021 was as follows:

	I	Balance February 29 and				Balance February 28 and
		March 31, 2020	Additions		Retirements	March 31, 2021
Capital Assets, not being depreciated						
Land	\$	119,098 \$	-	\$	- \$	119,098
Infrastructure work in progress		63,072	-		(63,072)	-
Total Capital Assets, not being depreciated		182,170	-		(63,072)	119,098
Capital Assets, being depreciated/amortized						
Land improvements		903,812	-		-	903,812
Building		2,685,888	-		-	2,685,888
Building improvements		243,722	2,60	0	-	246,382
Machinery and equipment		2,305,691	261,87	5	(21,529)	2,546,037
Infrastructure		3,394,903	52,98	3	-	3,447,886
Total Capital Assets, Being Depreciated/Amortized	_	9,534,016	317,51	8	(21,529)	9,830,005
Less Accumulated Depreciation/Amortization for						
Land improvements		(404,339)	(33,44	7)	9,774	(428,012)
Building		(1,919,747)	(38,12	4)	-	(1,957,871)
Building improvements		(87,740)	(16,78	4)	-	(104,524)
Machinery and equipment		(1,244,177)	(209,33	1)	21,529	(1,431,979)
Infrastructure	_	(2,248,426)	(286,82	2)		(2,535,248)
Total Accumulated Depreciation/Amortization	_	(5,904,429)	(584,50	8)	31,303	(6,457,634)
Total Capital Assets, being depreciated/amortized, net	_	3,629,587	(266,99	0)	9,774	3,372,371
Total Capital Assets, Net	\$	3,811,757 \$	(266,99	0) \$	(53,298) \$	3,491,469

In the government-wide statement of activities depreciation/amortization expense is not allocated among Government Activities. Total depreciation expense for the years ended February 28, 2021 and March 31, 2021 totals \$574,734.

# Note 5- Non-Current Liabilities

Changes in non-current liabilities during the year were as follows:

Type of Debt	Balance at bebruary 29, 2020		Increases		Decreases		Balance at February 28, 2021	Amount Due Within One Year
Non-Current Liabilities Post-employment benefits payable	\$ 121,181	\$_	50,967	_ \$ _	_	_\$_	;:0	\$ 
Total Non-Current Liabilities	\$ 121,181	\$	50,967	\$	-	_ \$ _	172,148	\$ -

### Note 6- Defined Benefit Pension Plan

#### **IMRF Plan Description**

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

## **Benefits Provided**

IMRF has three benefit plans. The Township participates in the Regular Plan (RP). All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

## Employees Covered by Benefit Terms

As of December 31, 2020, the following employees were covered by the benefit terms:

	IMRF
Retirees and Beneficiaries	36
Inactive, non-retired members	15
Active Members	<u>26</u>
Total	<u>77</u>

# Note 6- Defined Benefit Pension Plan (continued)

# **Contributions**

As set by statute, the Township's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Township's annual contribution rate for calendar year 2020 was 7.84%. For the fiscal years ended February 28, 2021 and March 31, 2021, the Township contributed \$245,264 to the plan. The Township also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

### Net Pension Liability

The Township's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

### Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2020:

- The Actuarial Cost Method used was Aggregate Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The *Inflation Price* was assumed to be 2.25%.
- *Salary Increases* were expected to be 2.85% to 13.75%
- The *Investment Rate of Return* was assumed to be 7.25%.
- *Projected Retirement Age* was from the Experience-based Table of Rates, specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study from years 2017 to 2019.
- For *Non-disabled Retirees*, the Pub-2010, Amount Weighted, below median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount Weights, below median income, General, Disabled Retiree, Male and Female (both unadjusted) tables and future mortality improvements, projected using scale MP-2020. For active members, the Pub 2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- There were no benefit changes during the year.

The *long-term expected rate of return* on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation.

# Note 6- Defined Benefit Pension Plan (continued)

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Portfolio	Long-Term
	Target	Expected
Asset Class	Percentage	Rate of Return
Domestic Equity	37%	5.00%
International Equity	18%	6.00%
Fixed Income	28%	1.30%
Real Estate	9%	6.20%
Alternative Investments	7%	2.85%-6.95%
Cash Equivalents	1%	0.70%
Total	100%	

## Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current continuation rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. A long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits)
- 2. Tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

For the purpose of this valuation, the expected rate of return on pension plant investments is 7.25%, the municipal bond rate is 2.00% (based on the daily rate closest to but not later than the measurement date of the "20-Year Municipal GO AA Index"), and the resulting Single Discount Rate is 7.25%.

# Note 6- Defined Benefit Pension Plan (continued)

#### Changes in the Net Pension Liability

		Pension Liability (A)	Plan Fiduciary Net Position (B)	Net Pension (Asset)/Liability (A) - (B)
Balances at December 31, 2019	\$	7,131,605	\$ 7,243,551	\$ (111,946)
Changes for the year:				
Service Cost		136,175	-	136,175
Interest on the Total Pension Liability		505,597	-	505,597
Changes of Benefit Terms		-	-	-
Differences Between Expected and Actual				
Experience of the Total Pension Liability		58,563	-	58,563
Changes of Assumptions		(63,261)	-	(63,261)
Contributions - Employer		-	241,515	(241,515)
Contributions - Employees		-	60,056	(60,056)
Net Investment Income		-	1,071,960	(1,071,960)
Benefit Payments, including Refunds				
of Employee Contributions		(451,881)	(451,881)	-
Other (Net Transfer)	_	-	28,252	(28,252)
Net Changes	_	185,193	949,902	(764,709)
Balances at December 31, 2020	\$	7,316,798	\$ 8,193,453	\$ (876,655)

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Decrease 6.25%		Current Discount 7.25%	1% Increase 8.25%
Total Pension Liability	\$ 8,089,440	\$	7,316,798	\$ 6,684,147
Plan Fiduciary Net Position	8,193,453		8,193,453	8,193,453
Net Pension Liability/(Asset)	\$ (104,013)	\$	(876,655)	\$ (1,509,306)

## Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the years ended February 28, 2021 and March 31, 2021, the Township recognized pension income of \$219,610 At December 31, 2020, the Township reported deferred outflows of resources related to pensions from the following sources:

# Note 6- Defined Benefit Pension Plan (continued)

Deferred Amounts Related to Pensions	Deferred Outflow of Resources	0	Deferred Inflows f Resources	Net Outflows/(Inflows) of Resources
Deferred Amount to be Recognized in Pension				
Expense in Future Periods				
Difference between expected and actual experience	\$ 94,473	\$	-	\$ 94,473
Assumption Changes	-		41,119	(41,119)
Net difference between projected and actual	-		671,046	(671,046)
earnings on pension plan investments				-
Pension Contributions made subsequent				
to the Measurement Date, through February 28, 2021	23,287		-	23,287
Total Deferred Amounts Related to Pension				
to the Measurement Date, through February 28, 2021	\$ 117,760	\$	712,165	\$ (594,405)

Deferred outflows of resources related to pensions resulting from Township contributions subsequent to the measurement date totaling \$23,287 are recognized as a reduction of the net pension liability in the year ended February 28, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending December 31,	Net Deferred Outflows of Resources
2021 \$	(137,723)
2022	(80,629)
2023	(265,806)
2024	(110,247)
2025	-
Thereafter	-
Total \$	(594,405)

# Note 7- Other Post-Employment Benefits

# Plan Descriptions, Provisions and Funding Policies

The Township provides post-employment health care benefits (OPEB) for retired employees of the Township. The benefits, benefit levels, employee contributions and employer contributions are governed by the Township and can be amended by the Township through its personnel manual.

The plan is not accounted for as a trust fund as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Township's Town Fund. To be eligible for benefits, an employee must qualify for retirement through the Illinois Municipal Retirement Fund.

All health care benefits are available to retired employees of the Township and are provided through the Township's health plan. The benefit levels are the same as those afforded to active employees.

# Note 7- Other Post-Employment Benefits (continued)

All retirees contribute 100% of the actuarially determined premium to the plan. Active employees do not contribute to the OPEB plan until retirement.

Employee membership data related to the Plan, as of February 28, 2021 was as follows:

	OPEB
Total Active Employees	22
Inactive Employees Currently Receiving Benefit Payments	-
Inactive Employees Entitled to but not yet Receiving Benefit Payments	
Total	22

## Total OPEB Liability

The Township's net OPEB liability was measured as of March 1, 2021. The total OPEB liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

## **Statement of Significant Assumptions**

Salary Increases	2.50%
Retirement Rates	Based on Rates from IMRF Experience Study Report dated November 8, 2017. Age 60 for Tier I IMRF Employees. Age 62 for Tier II IMRF Employees.
Termination Rates	Based on Rates from IMRF Experience Study Report dated November 8, 2017.
Disability Rates	Based on Rates from IMRF Experience Study Report dated November 8, 2017.
Healthcare Cost	
Trend Rates	The initial trend rate is based on the 2021 Segal Health Plan Cost Trend Survey. HMO rates fall between 5.00% and 6.60%. PPO rates fall between 5.00% and 7.20%.
Mortality	<ul> <li>RP-2014 with Blue Collar Adjustment and MP-2016 Improvement, weighted per IMRF Experience Study dated November 8, 2017; Age 85 for males, Age 88 for females.</li> <li>All mortality rates are adjusted for retirement status. Spouses use the same mortality tables as retirees.</li> <li>For any active IMRF participant who will not meet the service requirement necessary to retire at assumed retirement ages, it is assumed they have prior service with a different Employer and therefore will be eligible to retire. In the current valuation, there are 6 participants impacted by this assumption.</li> <li>Retirement rates shown above were used to estimate assumed retirement rates. Termination and disability rates were used to estimate probabilities of working to retirement age. Mortality rates shown above were used to estimate assumed ages at death.</li> <li>Assumptions follow the guidance in GASB 74/75 for the Alternative Measurement Method where noted.</li> </ul>

# Note 7- Other Post-Employment Benefits (continued)

#### Assumption Changes

The assumed rate on High Quality 20-year Tax-Exempt G.O. Bonds was changed from 2.27% to 2.44% for current year. The underlying index used is the Bond Buyer 20-Bond GO Index as discussed in more detail later in this section. The choice of index is unchanged from the prior year. The rate has been updated to the current Fiscal Year end based on changes in market conditions as reflected in the Index. The change was made to reflect our understanding of the requirements of GASB under Statement 74 and Statement 75.

Since the Employer does not have a trust dedicated exclusively to the payment of OPEB benefits, the discount rate used in the determination of the Total OPEB Liability was also changed from 2.27% to 2.44%.

#### Discount Rate

The Township does not have a dedicated Trust to pay retiree benefits. Per GASB 75, the discount rate is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). A rate of 2.44% was used, which is the Bond Buyer 20-Bond GO Index.

#### Changes in Total OPEB Liability

	Total OPEB Liability (a)		OPEB Plan Net Position (b)	Net OPEB Liability/(Asset) (a)-(b)
Balances Beginning at 3/1/2020	\$	121,181 \$	\$	5 121,181
Charges for the year:				
Service Cost		12,974	-	12,974
Interest		2,711	-	2,711
Actual Experience		36,020	-	36,020
Changes in Assumptions		2,792	-	2,792
Contributions - Employer		-	3,530	(3,530)
Contributions - Employee		-	-	-
Contributions - Other		-	-	-
Net Investment Income		-	-	-
Benefit Payments from the Plan		(3,530)	(3,530)	-
Administrative Expense		-		
Net Change in OPEB Plan Net Position		50,967	-	50,967
Balances Ending at 2/28/2021	\$	172,148 \$	\$	6 172,148

## Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following table shows the Plan's Net OPEB Liability using the current single discount rate of 2.44%. The following table illustrates the sensitivity of the net OPEB liability to the discount rate assumption:

# Note 7- Other Post-Employment Benefits (continued)

	1%	Current	1%	
	Decrease	Discount	Increase	
	(1.44%)	Rate (2.44%)	(3.44%)	
Employer's Net OPEB Liability/(Asset)	\$ 191,680	\$ 172,148	\$ 155,969	

Below is a table illustrating the sensitivity of the Net OPEB Liability to the Healthcare Cost Trent Rates assumption:

	1%	Healthcare Cost	1%
	Decrease	Trend Rates	Increase
	(Varies)	(Varies)	(Varies)
Employer's Net OPEB Liability/(Asset)	\$ 155,413	\$ 172,148	\$ 192,014

# OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended February 28 and March 31, 2021, the Township recognized OPEB expense of \$50,967. The Township reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Ι	Deferred Outflows	Deferred Inflows		
	_	of Resources		of Resources	
Differences between expected	\$	-	\$	-	
and actual experience					
Changes of assumptions		-		-	
Net difference between projected and actual					
earnings on postretirement plan investments	_	-		-

Subsequent to the Measurement Date, the following amounts will be recognized in OPEB Expense in the upcoming years:

Year Ended	
February 28,	
2021	\$ -
2022	-
2023	-
2024	-
2025	-
Thereafter	 -
Total	\$ -

## Note 8- Fund Balances

As of February 28, 2021, the Township has \$1,084,498 that is restricted by donors for social service emergencies which include a food pantry and other one-time emergency payments for residents of the Township who do not qualify for General Assistance from the Township. The program is funded through contributions from the community through a nonprofit organization, Township of Palatine Needy Family Fund, Inc.

### Note 8- Fund Balances (continued)

During the year, a resolution was passed by the Board of Trustees to commit funds in the Town Fund and General Assistance Fund for future health and welfare benefits. The Town Fund committed \$37,022 and the General Assistance Fund committed \$17,980 for this purpose.

The Road District has a 5-year plan to spend \$1,066,010 on new machinery and equipment. Additionally, the Road District has set aside approximately \$613,200 for a future bridge replacement and road realignment.

## Note 9- In Kind Support

The Township records in-kind support in the form of rental income and agency support. Two not-forprofit agencies occupy space in the Township building. In lieu of charging each rent and providing financial support to them as agencies, the Township records \$136,590 as Donated Rental Income and the same amount classified as "Human Needs Funding" expense/expenditure in the Statement of Activities and the Funds Statement of Revenue and Expenditures.

## Note 10- Nonprofit Corporations

## Palatine Township Needy Family Fund, Inc.

In 1995, the Township formed a nonprofit corporation entitled the Palatine Township Needy Family Fund, Inc. The corporation is a qualified tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. The corporation was established for the purpose of generating contributions and providing assistance to residents not covered under the Township's general assistance program. All activities for the corporation are recorded in a separate fund column of the Township's balance sheet and statement of revenues, expenditures and changes in fund balances.

## Palatine Township Report, Inc.

Palatine Township Report, Inc. qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. The corporation was established for the purpose of generating and mailing the Township newsletter. The corporation had expenditures of \$120 funded by the General Fund and a cash balance of \$121 as of February 28, 2021. These amounts are included in the General (Town) Fund.

## Note 11- Provision for Income Taxes

Palatine Township Needy Family Fund, Inc. and Palatine Township Report, Inc. are tax-exempt entities as defined in Section 501(c)(3) of the Internal Revenue Code. Accounting principles generally accepted in the United States of America requires management to evaluate tax positions taken by the Township and recognize a tax liability if the Township has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other applicable taxing authorities.

Management has analyzed the tax positions taken by the Township, and has concluded that as of February 28, 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Township is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

#### Note 12- Risk Management

The Township is exposed to various risks of loss related to torts; theft of; damage to and destruction of assets; errors and omissions and natural disasters for which the Township carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

#### Note 13- Motor Fuel Tax Fund

Every year the Township of Palatine Road District receives an allotment of Motor Fuel Tax (MFT) money from the State of Illinois. This money is disbursed by the State to Cook County where it is held for pending projects. Projects are petitioned by the Palatine Township's Highway Commissioner to the Cook County Highway Department for approval to use these MFT funds. When the projects are approved, all management, payment and accounting for the projects are done through Cook County. These funds are reflected in the financial statements of the Township as MFT Revenue and capitalized as infrastructure assets. The unused allotment is not reflected in the financial statements of the Township. During the year ended March 31, 2021, no MFT Funds were used.

## Note 14- Future Minimum Lease Payments

The Township had the following lease commitments, accounted for as operating leases:

On May 23, 2017, the Township entered into a lease agreement for new copiers and printers with Konica Minolta. The lease requires monthly payments of \$143.39 for 48 months.

On June 1, 2017, the Township entered into a lease agreement for a new copier with Konica Minolta. The lease requires monthly payments of \$143 for 48 months.

On March 26, 2018, the Township entered into a lease agreement for new copiers and printers with Konica Minolta. The lease requires monthly payments of \$326.90 for 60 months.

On February 28, 2019, the Township entered into a lease agreement for a new mailing system with Pitney Bowes. The lease requires monthly payments of \$157.85 for 36 months.

The following is a schedule of future minimum lease payments required in the above operating leases:

2022	6,677
2023	3,923
2024	654
Total lease commitments	\$ 11,254

#### Note 15- Effect of COVID-19

During the fiscal year ended February 28, 2021 and March 31, 2021, as a result of the spread of the COVID 19 virus, economic uncertainties arose which impacted the operations of the Township. The Township has made efforts to reduce expenses. The Township followed restrictions, guidelines, and other health protocols.

## Note 16- Date of Management's Review

Subsequent events have been evaluated through the date of this report. It was concluded that there are no subsequent events that are required to be disclosed.

#### Township of Palatine Multiyear Schedule of Contributions - IMRF For the Years Ended February 28, 2021 and March 31, 2021

Last 10 Fiscal Years

(Schedule to be built prospectively from 2016)

<b>Fiscal Year</b>	Actuarially		Contribution		Actual Contribution		
Ending	Determined	Actual	Deficiency	Covered	as a % of		
February 28,	Contribution	Contribution	(Excess)	Payroll	<b>Covered Payroll</b>		
2/28/2016	\$ 131,278	\$ 131,278	\$ -	\$ 1,146,535	11.45%		
2/28/2017	129,766	761,502	(632,187)	1,162,778	65.53%		
2/28/2018	115,279	115,279	-	1,118,244	10.63%		
2/28/2019	87,568	87,568	-	1,285,862	6.95%		
2/29/2020	60,963	60,963	-	1,262,312	4.83%		
2/28/2021	105,127	245,264	(140,137)	1,331,728	18.42%		

*Valuation Date* : Actuarially determined contribution rate are calculated as of December 31 each year each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2020 Contribution Rates:

Actuarial Cost Method:	Aggregate entry age normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	Non-Taxing bodies: 10-year rolling period.
	Taxing bodies: (Regular, SLEP, and ESO group): 23-year closed period
	Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI.
	SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 18 years for most employers
	(three employers were financed over 27 years and four others were financed over 28 years).
Asset Valuation Method:	5-year smoothed market; 20% corridor
Wage Growth:	3.25%
Price Inflation:	2.50%
Salary Increases:	3.35% to 14.25% including inflation
Investment Rate of Return:	7.25%
Retirement Age:	Experienced-based table of rates that are specific to the type of eligibility condition. Last update for 2017
	valuation pursuant to an experience study of the period 2014-2016.
Mortality:	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection
	scale MP-2017(base year 2015). The IMRF specific rates were developed from the RP-2014
	Blue Collar Health Annuitant Mortality Table with adjustment to match current IMRF experience.
	For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale
	MP-2017(base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table
	applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality
	table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
Other Information:	
Notes	There were no benefits changes during the year.

## Township of Palatine Notes to Financial Statements February 28 and March 31, 2021

#### **Note 1- Summary of Significant Accounting Policies**

#### **Budgetary Process**

The Township follows these procedures in establishing the budget data reflected in the required supplementary information.

- 1. The Board of Trustees appoints a committee to prepare the operating budget and a schedule of estimated revenues.
- 2. The proposed budget is reviewed and approved by the trustees.

Budgeted and actual figures are presented on the modified accrual basis of accounting.

### Note 2- Expenditures Over Budget

The Township has incurred individual line item excess of expenditures over appropriations in funds; however, the overall individual funds indicated no aggregate excesses of expenditures over appropriations.

#### Note 3- Schedule of Contributions – OPEB

There is no Actuarial Determined Contribution (ADC) or Employer Contribution in relation to the ADC. As there is no Trust that exists for funding the OPEB Liability. However, the Township did make contributions from other Township resources in the current year in the amount of \$3,530.
